

ARE YOU BETWEEN 13-18 YEARS OF AGE?

You may be looking for answers to your questions and a space where you can speak freely, without being judged.

You may be feeling anxious, nervous and helpless about these situations.

All the situations described before have an impact on health, both physically and psychologically. Being forced to do something against your will or something you feel uncomfortable about, is violence.

**VIOLENCE IS NOT YOUR FAULT.
YOU CAN SPEAK OUT ABOUT IT.**

At Dilaasa you can:
